

Crisis Support

Our primary goal is to provide a safe & supportive environment for children & young people, focusing on their holistic development. They prioritize:

- ✓ Safety & well-being
- ✓ Education & skill development
- ✓ Healthy lifestyle
- ✓ Personal growth
- ✓ Emergency support

Our Homes

We provide crucial crisis accommodation for vulnerable young people when Local Authorities face challenges in finding suitable placements. We offer immediate and short-term residential solutions for situations such as placement breakdowns, urgent safeguarding needs, and when young people require a temporary break. We provide high-quality accommodation, fully equipped residential homes with comfortable & welcoming environments. We offer specialised support, such as 1:1 or 2:1 support as needed for complex cases. Furthermore, 24/7 emergency response is available with experienced staff on call around the clock to address urgent needs

Are you struggling to place your young person, are they in a crisis?

Our Vision

The word "Lustro" means gloss, shine, or luster--reflecting our mission to illuminate lives through exceptional support to independence. At Lustro Health, we believe every individual who access our services deserves to feel empowered and renewed, with their needs addressed their well-being elevated.

Multi-Disciplinary Team

Our Multi-Disciplinary Team (MDT) is made up of a range of health professionals who provide tailored support based on occupancy levels, individual needs, and clinical requirements. The MDT includes:

- ✓ Registered Mental Health Nurses (RMNs)
- ✓ Psychotherapists
- ✓ Social workers

Services Offered

We are dedicated to supporting young people as they transition from childhood working to "bridge skills to full independence" by providing the following services:

- ✓ Emotional & practical support: 1-on-1 counseling, life skills training, and assistance with education & employment.
- ✓ Trauma-informed support: Recognising & addressing the specific needs of young people who have experienced trauma.
- ✓ Safe & supportive environment: Trained staff using de-escalation techniques & non-physical interventions
- ✓ Peer support & community building: Activities that connect young people with others from similar backgrounds
- ✓ Advocacy & empowerment: Supporting young people to overcome prejudice & achieve their goals
- ✓ Collaboration with other professionals:

Where Care Meets Compassion
